Discussion Board

Forums are made up of individual discussion threads that can be organised around a particular subject. Create Forums to organise discussions.

Student Cafe	This forum is for students to get to discuss their ideas and experiences. Please introduce yourselves and break the ice. Get to know each other and meet any new members of the group.	49	0	26
Q & A	Here you can post topics relevant for general discussion. This will allow you to ask questions, comment on topics, and exchange ideas/feedback regarding a range of areas better addressed separate from weekly topic areas.	13	0	5
Remote nursing practice	If you have a Question about the course content or processes or know the Answer to a posted question leave a message here.	9	0	9
